If you answered "NO", will you be going back into the lottery? _____

Comments or Suggestions:

**Hillsborough Township
Deer Management Program
General Wildlife Observation Survey**

In order to carry out effective future decision making and management, the Hillsborough Township Wildlife Management Commission is looking for your assistance in their goal of inventorying other wildlife/game species other than deer which you might encounter during your time in the field. With this in mind, please find below a general listing of wildlife/game species that are or have been found in Hillsborough Township in the recent past.

Please indicate with a check in the "Observed?" column if the species was observed. Indicate the least and the greatest number of each species observed at one time in the appropriate column.

| Common Name | Observed? | Least # Observed | Most # Observed |
|----------------------|------------------|-------------------------|------------------------|
| American Woodcock | | | |
| Ring-Necked Pheasant | | | |
| Bobwhite Quail | | | |
| Wild Turkey | | | |
| Cottontail Rabbit | | | |
| Red Fox | | | |
| Gray Fox | | | |
| Raccoon | | | |
| Black Bear | | | |
| Bald Eagle | | | |
| Other | | | |

Comments: _____
